

Current Basin GSA Status

Kern Groundwater Authority GSA

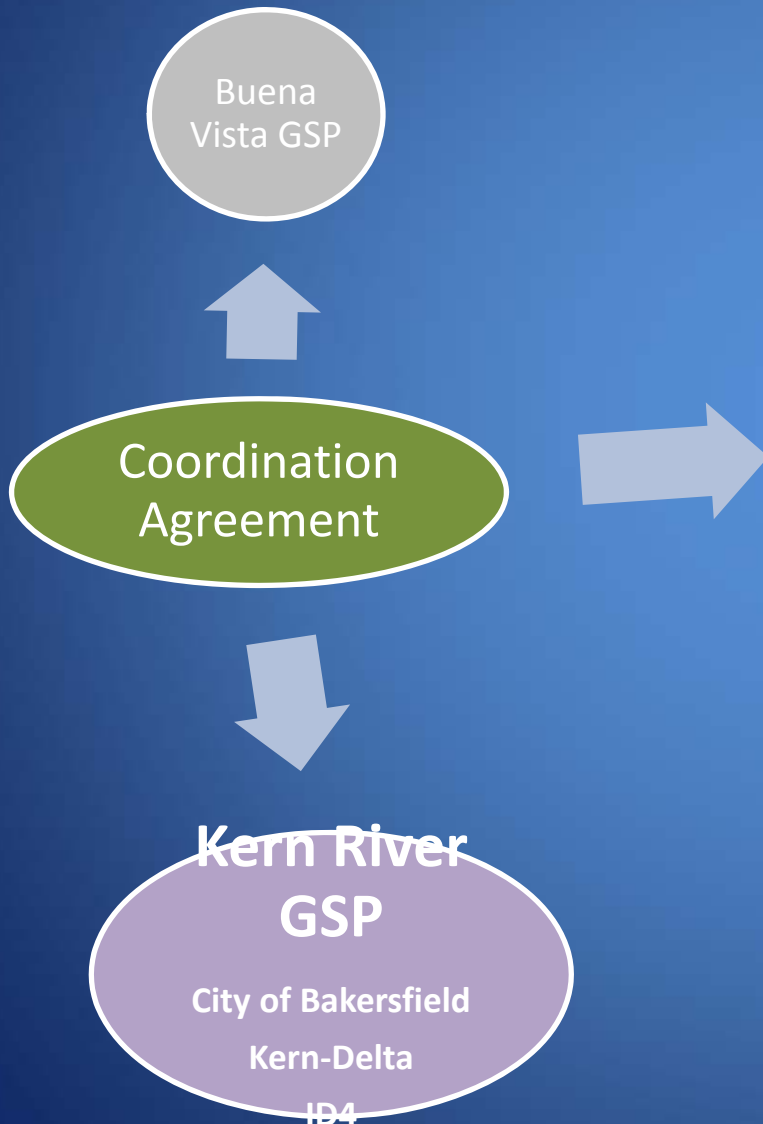

1. KGA will develop and provide data to its GSA members (and others).
2. GSA members will use data to prepare GSP.
3. GSP's will become a "chapter" in the KGA GSP.
4. GSA members will determine what GSA responsibilities they want the KGA to provide.
5. KGA and/or GSA member will implement GSP.
6. KGA will collect GSP data from all "chapters" for annual and milestone reports to DWR.

Kern Groundwater Authority GSP 1 Plan many “chapters”

GSA & GSP Next Steps

Requirement	Issue	HOW?
<p>Governance & Coordination "Who is managing & participating"</p>	<p>GSA Governance Intra & Inter Basin GSP Coordination Land Use & County</p>	<p>Draft Special Activity Agreement Coordination Agreement Stakeholder Involvement Host Meetings with Land Use Planners</p>
<p>Basin Setting "What are the current conditions"</p>	<p>State of the Basin</p>	<p>Develop, in coordination with other GSA's Pre-SGMA Conditions and Undesirable Results STAKEHOLDER INVOLVEMENT</p>
<p>SGM Planning "How will GW be managed & measured"</p>	<p>Sustainability Goal (Sustainable Yield, SGM) Measurable Objectives & Undesirable Results Water Budgets Data Collection & Monitoring Plan</p>	<p>Coordination Agreement & Stakeholder Workshops Coordination Agreement & Stakeholder Workshops Coordination Agreement</p>
<p>Evaluation "Reporting, Evaluation, & Adaptive Management"</p>	<p>Implementation & Reporting</p>	<p></p>

Coordination Agreement

- Coordinates GSA's in Basin on issues such as:
 - Water Budgets
 - Pre-SGMA state of Basin
 - Measurable Objectives
 - Undesirable Results

KGA GSA Member Role

- Powers & Authorities of GSA if retained
- Draft GSP's
- Deadlines
- Implement GSP if requested

KGA Role

- Coordinate with other GSA's
- Provide technical and planning data
- Implement powers and authorities of GSA if requested
